## What is IMPACT AUS MALAYSIA?

**IMPACT AUS MALAYSIA** is a conference held in Malaysia aimed at encouraging gospel-centered living among:

**Christians heading to Australia to study** - Exploring the challenges and opportunities of studying in Australia for Christians and getting in touch with good gospel churches and student ministries.

**Christians currently studying in Australia** - Encouraging you to live for the gospel as Christian students and getting you to think about how you can make the most of your student days in Australia.

**Christians returning to Malaysia** - Examining the issues that come with returning to work in a fast-paced, work-obsessed culture. How do we cope with these challenges? What does it mean to live for the gospel in a society like Malaysia? How should we think about choosing a job, or choosing a church?

### CONFERENCE SPEAKER

MIKE WOO

Mike is married to Eunice. They're from Malaysia and have an 8-month-old daughter Elly. He studied Medicine in Sydney and worked as a doctor in Queensland for 2 years before doing ministry apprenticeship and theological college. Mike attended church since age 8 but only understood who Jesus was and what the gospel meant in university. Since then, he was changed and praises God for His forgiveness and grace. He then spent his university years growing as a follower of Jesus and experiencing true life in Him. Mike misses Char Siu chicken rice, mamak (late-supper culture) and living in a place he calls home. He enjoys cooking with Eunice and taking Elly for walks.
